Subject: Watershed Planning Meeting tomorrow

Folks, per the Administrator's request, we will be sending out an invite to the State and Tribal Nations to join us at a follow up meeting at 2pm (EST) tomorrow. We will use the 11:30 am (EST) meeting to prepare for that meeting. Here is the Agenda for the 11:30 am EST

1. Update from OW on STORET and other water quality data
2. Update from UAC on pre-incident and post incident water quality and sediment monitoring plans
3. Discussion of components of a longer-term watershed strategy, integration of State data
4. Plan to transition for short term and long term implementation (with OW, ORD, OEM, OSRTI, States)
5. Agenda for 2 pm call with the States.

If I am missing something, please let me know.

EOC Documentation, we need to set up the 2pm EST call, which would note the same, Watershed Planning Meeting with States and Tribal Nations. Chris Ruhl will have the invite forwarded the Regional Water Division Directors who will invite States and Tribal Nations. Thanks all.
